BILLING FAQs

- Q. Does my bill for wastewater service include a charge to fund the Low-Income Customer Assistance Program?**
A. Yes. As part of your sewer charges, each month you pay 45 cents to fund the Low-Income Customer Assistance Program. The Low Income Customer Assistance Program ("LICAP") provides a credit on wastewater service to qualified customers. LICAP also provides qualifying customers assistance with water-saving appliances and repairs. More information about our program can be found at: <https://www.citizensenergygroup.com/My-Account>.
- Q. Can I obtain a more detailed list of the charges on my bill?**
A. Yes. Upon request, Citizens will provide monthly bills with more detail on specific charges. You can request a detailed bill by contacting a customer service representative at (317) 924-3311 or selecting the option on-line at <https://www.citizensenergygroup.com/My-Account/MyProfile/Billing-Preferences>. There is no additional charge for a detailed bill.
- Q. My Account Balance seems too high or low. Could there be a problem?**
A. Your total bill is impacted by several factors such as the Previous Balance, Other Activity such as charges or adjustments, and Historical Information. More information is available online at [citizensenergygroup.com](https://www.citizensenergygroup.com) or by contacting Customer Service.
- Q. How does Historical Information help determine if my bill is too high or too low?**
A. Monthly gas and water usage can be compared to previous history using the charts to verify current usage is in line with typical usage. Gas consumption is likely to increase with colder weather and water consumption may be impacted by activity such as lawn irrigation or household changes.
- Q. Why would my meter reading be estimated? What if my reading was over or under-estimated?**
A. Citizens attempts to get actual reads each month, but an estimation may be necessary if we cannot safely access a meter due to weather or obstructions such as landscaping or fences. When estimating bills, Citizens reviews historical usage and considers the weather. The estimated reading will automatically adjust with the next actual reading.
- Q. I think I have a water leak – what should I do?**
A. Please refer to our website for useful, self-help tips or give us a call before contacting a contractor. It could be something as simple as a running toilet/silent toilet leak or a misread.
- Q. Can a deposit be charged to my bill for late payment?**
A. Yes. If the account has two (2) disconnect bills in a row or three (3) disconnect bills in a twelve (12) month period a deposit may be charged to the account.

DEFINITIONS

CCF - Amount of gas and water which goes through the meter, measured in 100 cubic feet. For water and sewer, 1 CCF is approximately 750 gallons.
cr - Indicates a credit.
Cu FT - Cubic Feet - A standard unit of measure for volume.
Therm (THRM) Used - Energy value of the gas used
Conversion - Used to convert the metered consumption to calculated charges for billing purposes (for example CCF to Therms)
Gas Charges - Includes cost of gas used, maintaining a safe and dependable distribution system, meter reading, billing and various customer services.
Sewer Charges - Based upon the volume of water used. Cost to maintain disposal system, safely process discharge, and billing services.
Water Charges - Includes cost of water used, maintaining a safe dependable distribution system, meter reading, billing, and public fire protection.

Citizens Energy Group on the "Get Indiana" podcast

Are you a fan of podcasts and learning about what's happening in Central Indiana? Citizens President & CEO Jeffrey Harrison recently joined the "Get Indiana" podcast with host Nate Spangle to discuss the impact of the DigIndy Tunnel System on our Central Indiana waterways. Discussion topics included the tunnel boring machine that was used to mine 28 miles of underground tunnel which now captures 5 billion gallons of wastewater overflows each year and keeps sewage out of our waterways. The result is a cleaner, greener, and healthier Central Indiana for residents and neighborhoods. Find episode 225 of the "Get Indiana" podcast to learn more.

Go paperless!

Paperless billing allows you to access account information anytime, anywhere, on any device. After you enroll, you will receive an online statement and customizable account reminders through your online My Account dashboard. You can even customize alerts for current balance, bill due date, and payments received. Make the switch today at the link.

Conservation Tip:

Avoid an overinflated energy bill during cold weather by considering tools like a smart thermostat, proper insulation to retain heat, lowering the temperature by 7 to 10 degrees (while you're away or sleeping), and changing your air filter every 30 to 90 days.

Safety Tip:

Keep appliance vents on the exterior of your home clear of snow, ice, or other obstructions. A blocked vent could cause appliance malfunctions or create a potentially hazardous carbon monoxide buildup.

Need A Job, But Just Part-Time?

Working as a meter reader at Citizens Energy Group provides a lot of flexibility and may be the perfect fit for your schedule. Shifts are available Monday-Friday between 7:00 a.m. and 4:00 p.m., and hourly pay starts at \$18.32 with the opportunity for pay incentives. The role includes reading customer utility meters on scheduled routes; recording data with high accuracy; watching for natural gas or water leaks; and solving problems while working with customers. Meter readers at Citizens are an incredibly dedicated and committed team. To learn more, scan the QR code.

Financial assistance deadlines this winter

- The federal Energy Assistance Program (EAP) should be the first step for those seeking financial assistance with utility bills. But this program will stop taking applications for the winter season on April 20, 2026. Find information and apply now at citizensenergygroup.com/help.
- Indiana's moratorium on shutting off natural gas service due to non-payment will end on March 15.
- United Way of Central Indiana's Winter Assistance Fund (WAF) is for individuals and families struggling with utility bills who earn too much to qualify for government energy assistance programs but whose income is up to 225% of the Federal Poverty Level. The deadline to apply for the 2026 program is March 31. Find more information - including application sites - at uwci.org/waf.
