### Bill FAQs

#### How do billing cycles work?

The service period covered by your first bill statement starts on your first day of service and ends on the 30th day of service. Future months' bill statements cover service periods which start and end on the same days of the month as the first service period. Charges associated with Pay-Per-View or On Demand purchases will be included on the next service period's bill statement.

#### What happens if I have insufficient funds or a past due balance?

Spectrum may charge a processing fee for any returned checks and card chargebacks. If your payment method is refused or returned for any reason, we may debit your account for the payment, plus an insufficient funds processing fee as described in your terms of service or video services rate card up to the amount allowable by law and any applicable tax. Your bank account may be debited as early as the same day your payment is refused or returned. If your bank account isn't debited, the return check amount (plus fee) must be paid by cash, cashier's check or money order.

#### What if I disagree with a charge?

If you want to dispute a charge, you have 60 days from the billing due date to file a complaint. While it's being reviewed, your service will remain active as long as you pay the undisputed part of your bill.

#### What if my service is interrupted?

Unless prevented by situations beyond our control, services will be restored within 24 hours of you being notified.

You can find all of our terms and conditions at [Spectrum.com/policies](https://spectrum.com/policies).
